Priority Need Public Services – Senior Services

Project Title Meals on Wheels (Home Delivered Meals)

Project Description

This funding will help address the nutritional risk of homebound seniors. This service will support the basic needs of and provide a safety net for LMI persons ages 60 or older who are at nutritional risk, socially isolated, and wishing to remain independent in their own homes. Comprehensive in-home assessments will be completed and individualized plans of care developed. Clients may receive home delivery of hot meals Monday-Friday, or monthly delivery of shelf stable or liquid supplements. Referrals are also made to area food banks when needed. The provision of these services provides increased support and human contact for each senior, thus reducing social isolation and offering an emergency contact option. Additionally, clients will receive disease prevention, health promotion, and public information education and support. VPAS requested \$10,000 for this project.

Location Services will be available to eligible individuals on a City-wide basis.
